Signature : Technology for a better world

Apex Technologies India (ATI) is an ISO 9001 company providing enterprise-wide solutions, consulting services and outsourcing opportunities for Insurance companies across the world. The Indian arm of Apex Systems Pvt. Ltd., Singapore, ATI is powered by a vast pool of highly skilled and supremely talented insurance software specialists.

At Apex, our focus has been insurance and only insurance, while our commitment has been high-end, qualitative, integrated solutions to the insurance industry. At ATI, we pride in being a centre of excellence, innovation, and people-centric technology.

**Come home to Apex Technologies India, NOW!**

ATI invites bright, ambitious, and innovative individuals across all levels - from Software Engineers to Project Leaders - to join us at our overseas offices in East Europe and Latin America.

If you are an Engineering graduate with more than 3 years experience on Developer 2000 and a working knowledge of Oracle, you are the person.

If you are what we said above, and possess experience on large systems and domain knowledge in Insurance / Financial applications, you are the right person.

If you are the kind of software professional we are talking about, and you love to travel across the world extensively, you are the perfect person.

Overseas Placements  
Eastern Europe  
Latin America

Apex is a young organisation with a vast experience in software solutions to insurance industry. We offer an excellent work environment that helps you bring out your best, and an opportunity to work on large systems that help you move forward.
